Minister to Teens, where he led the teen service "Teen Temple," which allowed students to worship God in their own way through Step, Rap, Dance, Drama, and other styles of youth focused worship. Over 150 students attended each service.

Russell also served as the Pastor of Students and Young Professionals at The Fountain Ministries, in Florida. There he was able to create a new name, focus, and vision for the ministry. The H2 (HYDRO) ministry is focused on "being a relevant light" for students. While at the Fountain Ministries, Russell started several new ministries and improved/enhanced other ministries so that students became more involved in Church and more importantly more committed and connected to Christ. During Russell's time at The Fountain hundreds of students connected with the ministry and Jesus Christ.
